

# EMBRACE COLOUR

PHOTOGRAPHY **TARA WEST**

Beautiful colours and quality materials can give your home an instant style boost.

## 1 BLINDS ARE US

### PowerView Pebble Remotes

As if Hunter Douglas blinds aren't gorgeous enough on their own, now you can control your motorized blinds with a sweet remote that blends seamlessly into your décor. The PowerView Pebble Remote is ergonomically designed and is available in seven colours.

## 2 THE ART OF HOME

### Dutailier Comfort Recliner

This made-in-Canada recliner combines the modern appeal of a trendy chair, the comfort of a recliner and the relaxing motion of a glider. It's the type of piece you invest in for a nursery but can incorporate into other rooms in the future.

## 3 THE FRUGAL DECORATOR & BOUTIQUE

### Mercana Vases

These ombre blue vases are just the punch of colour your room needs to welcome spring. Their pretty silhouettes are versatile – perfect for holding all the bursting blooms from your garden.

## 4 KATHIE JORDAN DESIGN

### Colourful Fabrics

Linen or velvet, solid or patterned – fresh fabrics are the most luxurious way to update a space. We like the bold pattern Strawberry from European Textiles, as well as small geometrics and smooth and sensuous velvet.

## 5 SMITTY'S FINE FURNITURE

### Cherry Dresser

The Defined Distinction bedroom set from Durham Furniture, which includes this dresser and mirror, is made of solid cherry wood and sits on a laser-cut stainless steel base. It has soft-close drawers and is available in two different finishes (shown here in Autumn Wind).

## 6 LEATHER BY MANN INTERIORS

### Natuzzi Leather

Invest in the best – Natuzzi leather furniture can be customized in an array of colours, from tan, indigo and mushroom to a spectrum of browns, greys, reds and whites. The colours can vary but the quality doesn't.
