# MORE THAN JUST **HOME** *décor*

**THE PLACE:** Home Décor + More is exactly as advertised – everything you need to furnish and decorate your home at amazing prices. Rhonda Kirk brings in misguided freight from a leading, well-known online home furnishings retailer. Rhonda opened her first store in Owen Sound, expanded to Collingwood and recently opened a third location in Alliston. Her daughter Alyssa now owns the Collingwood location and brings a youthful energy and enthusiasm to helping her loyal clients find what they are looking for. The shop is chockablock with lights, rugs, furniture, bedding, sinks, taps, chairs, range hoods, cabinet hardware, cushions and stools. The trio of Home Décor + More stores are the only retailers in each region that have an exclusive relationship with this supplier and are allowed to sell this freight.

**THE STYLE:** Get ready to spend some time looking for your special item. With two large shipments arriving weekly, new pieces are always being added to the floor. So look carefully as you walk through the store, you can easily miss that special something. The knowledgeable staff knows where everything is, so do ask them for help to find something specific.

**THE WARES:** Along with the items arriving weekly, there is also an Ashley Furniture computer kiosk that gives customers access to Ashley's complete inventory. This interactive "wondersign" allows anyone to search for groupings or a specific piece of furniture and it shows all options available. It's a two-to-three-week delivery time, so you can have that new piece quickly and at the best price in the area.

**WHAT'S HOT:** The selection. With the ever changing inventory, going to this store should be a weekly adventure. Also taxes are included in the price. If you're not sure about something, don't worry, grab it and take it home before someone else beats you to it, as everything is returnable for a full refund.

**GET THERE:** 20 Balsam St., Unit 12, Collingwood
