PLANT the SEEDS

THE PLACE: Seed is a spa and retail experience done differently. Karen Kingsbury has created a holistic destination for your body, skin and soul, offering a curated and thoughtful selection of exquisite products, organic facials, healing hands and advance holistic technology. Health and beauty are combined and the journey is nothing but pleasurable at Seed.

THE STYLE: Calm, relaxing, educational and results oriented! The team at Seed has 70 years of combined experience in advanced skin care. They will expertly and intuitively recommend a program for your best skin ever. At their fingertips are exquisite, quality products produced with a dedication to excellence. Sip on complimentary tea and browse the holistic treasures.

Products to nourish your outer glow, that will enhance your inner glow.

THE WARES: Spend time shopping the everyday luxuries chosen to create the right balance to life in your home. Beautiful pottery, kimonos, greeting cards, Jade Beauty Rollers, artisan jewelry, children's clothing, tonics, teas, Bulletproof supplements and coffee plus

two natural cosmetic lines, Alima Pure and RMS. For your outer glow there are serums, elixirs and essential oils from Living Libations that are exclusive to Seed. After all that shopping book a divine facial that has garnered many five-star reviews.

Using a jade beauty roller, Karen pampers a client.

WHAT'S HOT: Microcurrent is like pilates for your face. It can help lift muscles, sculpt cheekbones, smooths lines and enhances the production of natural collagen. It can firm and de-puff facial features, helping to reverse the clock in the most relaxing and holistic way. Silk Peel is an advanced microdermabrasion and can be added to any treatment to gently exfoliate and stimulate the lymph system in circulation and cell turnover. The famous Joyful Rejuvenation Facial is an hour of pure bliss and friends will comment on your radiant glow.
