BONNIE FOX

These warm woollen throws will look perfect draped on a sofa or the end of bed.

WHERE DOVES FLY

THE PLACE: Twenty-three years ago, entrepreneur and retail dynamo Tricia Jeffery opened **Dovetail Interiors** in Creemore. Then, 11 years ago, the building at 21 Hurontario St. in Nottawa went up for sale. Tricia visualized creating a one-stop shop for your home. She's done just that in this 7,000 sq. ft. emporium. It's a showcase of beautiful furniture, oversized art, bedding, accessories, women's clothing and a full interior design service.

THE STYLE: Furniture and accessories have a relaxed, urban style. There are sofas, coffee tables and pillows in the right colour palette for every room. The groupings are so beautifully displayed, you'll find yourself wanting it all for your home. Head upstairs to find the perfect duvet cover or bed frame, side table or lamp. Tricia's loyal staff – some have been with her for more than 10 years – are there to assist with any questions and help in any way.

THE WARES: It's all about creating a home you'll love and want to spend time in with family and friends. Discover the right essential oils, glassware, tea towels, hostess gifts, luxurious bath towels and warm and woolly tartan throws. There's a separate building devoted to Christmas and another building dedicated to clothing, outerwear and shoes, everything you need to fit your lifestyle.

WHAT'S HOT: Custom design. The experts at Dovetail Interiors will create computerized drawings of your room layouts, help you pick the right colour scheme and outfit your home with Canadian-made furniture. Make that change you crave a reality.

BOXING DAY: On December 26th, head to one of the buildings for a curated selection of "Tricia's Favourite Things" – 100 items that Tricia is excited to share with her customers, new and old.
